

Montessori Country School

AFTER-SCHOOL CLUBS!

Spanish with Adriana Sanchez

Tuesdays
3:15-4:15pm

The Spanish after-school program is designed to boost or expose students to the Spanish language.

Each week, students will learn the history, culture, food, music, and art of Spanish speaking countries. Spanish will be spoken in class through songs, poems, books, music, and dance.

Our goal is to provide your child with engaging activities designed to help them grow their Spanish skills and enrich their cultural knowledge about the Spanish Speaking World.

Art with Isobel

Thursdays
3:15-4:45pm

This class is designed for students who would like to further explore the art techniques they love, such as clay, needle felting, painting, drawing, printmaking or sculpture.

Teacher Isobel is open to ideas and will guide and encourage students as they explore their own path through art.
